## ATTORNEY-GENERAL.

## DEFENCE OF CANADA REGULATIONS.

## LIGHTING AND BLACK-OUT ORDERS.

I THE UNDERSIGNED, Premier of the Province of British Columbia, pursuant to authority granted to me by the Minister of Pensions and National Health under Article 35 of the Defence of Canada Regulations, do hereby amend the lighting and black-out orders made by me on the 24th day of April, 1942, by adding the following as Orders 25 to 38:—

## DIM-OUT.

25. *Areas*.—There are established for the purposes of these Orders three areas, known as Area A, Area B, and Area C, and described in the Schedule.

26. *Application*.—Orders 25 to 37, inclusive, are applicable only during the period from one-half hour after sunset until one-half hour before sunrise.

27. *Seaward Lights*.—Every occupant of a building, yard, or other premises in Area A or Area B shall prevent any light in or about his premises from casting any light, glare, or reflexion that is visible from any navigable waters.

28. *Industries*.—In the case of buildings, yards, and premises in Area A or Area B used for construction or manufacturing purposes, if compliance with Order 27 is impracticable the operator of the industry shall shield and control every light in respect of which compliance is impracticable, so as to diminish to the greatest possible extent the passage of light rays towards the sea. In respect of other lights he shall comply with Order 27.

29. *Street Lights and Traffic Signs*.—Every municipal or other public authority in Area A or Area B shall shield and control every street light and lighted traffic sign or signal so as to prevent any light from being visible from navigable waters.

30. *Highway Traffic*.—No person shall drive a motor-vehicle upon a highway or open place in Area A or Area B unless he complies with the provisions made for motor-vehicles during any Precautionary Black-out period (with the exception of the provisions relating to tail-lights, stop-lights, and licence-plate lights), which provisions are set forth in detail in the regulations relating to lights that may be displayed on any motor-vehicle or trailer during any Precautionary Black-out period. No person in Area A or Area B shall drive at a speed of more than fifteen miles per hour.

31. *Bicycles*.—No person shall operate any bicycle in Area A or Area B unless such bicycle is equipped with a lighted front lamp that is completely blacked out with the exception of a horizontal slit one and one-half inches in length and one-quarter inch in width located in the centre of the front glass on the lamp and unless the light rays are directed downwards.

32. *Flashlights*.—If, in Area A or Area B, any local condition renders the use of a flashlight out of doors imperative, a flashlight may be used; but no person shall make use of a flashlight out of doors unless he has first satisfied himself that he cannot dispense with its use and unless the flashlight has been dimmed by at least one thickness of newspaper print or material having the same effect, and he shall at all times direct the light downwards.

33. *Parking*.—No person shall have any motor-vehicle parked or standing stationary in Area A or Area B unless the head-lights are extinguished.

34. *Skyward Lights*.—Subject to Order 35, no person shall, whether in Area A, Area B, or Area C, create any light from which there is direct passage of the light rays towards the sky, without first shielding and controlling the light source so that no direct rays from the light source are emitted above the horizontal. This Order is applicable to street, traffic, and industrial lights as well as all other lights from which direct rays are emitted upwards; but does not apply to motor-vehicles.

35. *Exception to Order 34*.—If the conditions of any industry or public service render compliance with Order 34 impracticable, the operator of the industry or public service shall take such measures as are within his power to minimize the passage of light rays upwards.

36. *Pedestrians*.—No person in any municipality in Area A or Area B shall, where the streets are laid out in blocks, cross a street except at an intersection. Every pedestrian shall, to the utmost of his ability, avoid the use of that part of any road used by motor-vehicles.

37. *Power to issue Special Orders*.—If the Chairman, Provincial Civilian Protection Committee, or any person to whom he delegates specific authority, is not satisfied with the measures taken by any person or class or group of persons, he, or the person to whom he has delegated specific authority, may issue an order to that person or class or group of persons, specifying the measures to be taken by him or them and appointing the time within which they are to be taken; and, if any person fails to comply with the order, he shall be guilty of an offence against these Orders.

38. *Commencement*.—These Orders shall come into force, in respect of Area A, at 12 o'clock midday on the 18th day of November, 1942, and in respect of Areas B and C on the respective days to be fixed by the Chairman, Provincial Civilian Protection Committee, in respect of each of said Areas.
